Children add sounds to their own pictures

Bring sound to any classroom resource. A fantastic way for teachers to develop differentiated resources tailored specifically to their students' needs. Teachers and children can record hours of audio content onto PENpal and then link them to the Recording Labels. These can be fixed to printed material or objects - photographs, posters, books, toys...

Here is what the judges said:

- *The greatest potential is with using the PENpal to generate bespoke learning resources using the target stickers. These provide the device with enormous potential, particularly in the ELL area.*
- *In terms of the products that we have evaluated, this stands out as innovative, exciting and full of potential.*

*"Teachers repeat themselves 1000s of times. Not anymore with the PENpal."* Teresa Borowicz, Dorn Elementary ELL teacher
